

Best Presentation-Ever Bingo

Didn't pre-load the presentation	Over-ran time	Used as many bullet points as humanly possible	
	Apologized for unreadable slides	Acted as if had never used PowerPoint	Embraced Obfuscation
Used incredibly complex plots		Used as many slides as humanly possible	Crammed as much as possible onto each slide
Included a video fail	Didn't check the presentation worked beforehand		Used tables with more data than any sane person could read
